NASA SEWP VI Ordering Guide · Government-Wide Acquisition Contract (GWAC)

Categories B & C | Small Business | Solicitation 80TECH24R0001 | UEI: J6Z9VBSL4219

How to use this guide. This ordering guide explains who AttainX is on NASA SEWP VI, what is in scope, how to obtain a quote, how to place and track an order, and whom to contact for quotes, warranty, and post-delivery support. It is published per SEWP SOW Section A.6 (Ordering Guides) and is available for download and printing.

SEWP OVERVIEW

NASA SEWP VI — Solutions for Enterprise-Wide Procurement (SEWP), pronounced "soup," provides the latest Information Technology, Communication, and Audio-Visual (ITC/AV) solutions and services for all Federal Agencies and their approved contractors. First established in 1993 as the Federal Government's earliest Government-Wide Acquisition Contract (GWAC), SEWP has evolved over 30+ years into a premier acquisition vehicle. The program is self-funded through a usage fee (0.34%) and supports more than 50,000 orders per year.

ABOUT ATTAINX

AttainX, Inc. is a woman-owned small business headquartered in Herndon, Virginia, delivering software development, data analytics, cloud, and cybersecurity services across the Federal Government. Under SEWP VI, AttainX holds contracts in **Category B** (enterprise-wide ITC/AV services) and **Category C** (mission-based ITC/AV services), giving ordering agencies a single, streamlined path to both enterprise- and mission-level solutions. AttainX is ISO 9001 / 27001 / 20000 / 14001 certified and appraised at CMMI DEV/3 and SVC/3.

Predominant NAICS	**541511 — Custom Computer Programming Services**
Order threshold	**$2M yr 1 · $10M yr 2 · lifted yr 3**

FAIR OPPORTUNITY

SEWP VI is a multiple-award GWAC. In accordance with **FAR 16.505(b)**, each contract holder in a scope category is given a fair opportunity to be considered for each order exceeding the micro-purchase threshold. The method of achieving fair opportunity is at the discretion of the ordering Contracting Officer (CO), who documents the rationale for placement and price of each order. Using the SEWP online Quote Request Tool is the recommended method and augments the required decision documentation. No SEWP contract holder, including AttainX, holds exclusive rights to any technology or service, and end users are not confined in their choice of contract holders.

AttainX, Inc. — Ordering Guide

Scope · Ordering Process · Quotes · Warranty & Post-Delivery Support

WHAT'S IN SCOPE FOR SEWP VI

SEWP provides a broad suite of ITC/AV solutions and services. Contract Holders can add new commercial technology and IT services to their contract through technology refreshment as requested by customers. SEWP VI is composed of three scope categories; AttainX holds **Category B** and **Category C**. To confirm whether a requirement is in scope, send an overview or bill of materials to help@sewp.nasa.gov.

CATEGORY A	CATEGORY B — ATTAINX	CATEGORY C — ATTAINX
ITC/AV Solutions — hardware, software & product-based services. *(Not held by AttainX.)*	Enterprise-Wide ITC/AV Service Solutions for large-scale, multi-department / multi-location agency requirements.	Mission-Based ITC/AV Services delivering customized solutions at the mission or program level.

Category B — Enterprise-Wide Services

- Enterprise-wide network services
- IT managed services & enterprise service desk
- Enterprise innovation & IT service management (ITSM)
- Enterprise service program integration
- Information & data analytics services (IDAS)
- Application services & software development
- Enterprise-wide cybersecurity services
- Enterprise-wide cloud services
- Digital multimedia & technical communications
- Program management & ancillary services

Category C — Mission-Based Services

- Innovation services
- Information & data analytics services (IDAS)
- Application services & software development
- Cybersecurity services
- Cloud services
- Digital multimedia & technical communications
- IT operations & maintenance / help desk / call center
- Network & database services
- In-scope training
- Program management & ancillary services

Authorized contract types: Firm-Fixed-Price, Time-and-Material, Labor-Hour, Fixed-Price Award Fee, Fixed-Price Incentive Fee, Fixed-Price Economic Price Adjustment, or any hybrid of commercial contract types.

ORDERING PROCESS

1. Conduct market research. Use the SEWP Marketplace, a Strategic Storefront, or a Strategic Catalog to identify contract holders meeting your technical and socio-economic requirements. AttainX can be included via its NAICS and category eligibility.

2. Request a quote (RFQ). Submit an RFQ through the NASA SEWP online quoting system, or email AttainX directly (see "How to Obtain a Quote"). Provide your statement of work, required services, place of performance, and quote validity period.

3. Receive AttainX's quote. AttainX returns a timely, contractually correct quote with the 0.34% SEWP fee already included in the total price. The quote states its validity period; AttainX honors any order placed within it.

4. Make a fair-opportunity / best-value decision. Evaluate quotes across holders per FAR 16.505(b). No order-selection documentation is submitted with the order; the issuing office retains it.

5. Place the order through the SEWP PMO. Delivery/Task Orders must route through the SEWP Program Office before work begins. Send orders to sewporders@sewp.nasa.gov or FAX (301) 286-0317. Orders sent to AttainX directly are forwarded to the PMO, which assigns a SEWP Tracking Number (STN) and forwards the order to AttainX. Orders are accepted via EFT or Government Purchase Card.

6. Fulfillment, reporting & support. AttainX performs the work, submits monthly reports through the Contract Holder Only Page (CHOP), and provides ongoing customer and technical support. Any order modification must also route through the SEWP PMO.

HOW TO OBTAIN A QUOTE

Contact AttainX's Program Office for all quotes. Reference the applicable contract number — Category B (80TECH26D1536) or Category C (80TECH26D1132).

WARRANTY & POST-DELIVERY

Delivery: within 30 calendar days of order receipt/processing at the SEWP PMO, unless expedited/non-standard terms are agreed. Delays are reported to the CO and PMO within 2 business days.

Warranty: manufacturer standard commercial warranty; extended warranty may be purchased through the end of the commercial warranty period. Software maintenance/extended warranty treated as a commercial product unless priced on a usage basis.

Installation, technical & software support, and other post-delivery issues: contact Donald Bice (PM), Donald.Bice@attainx.com, (443) 995-5249.

TROUBLESHOOT AN ORDER

For order status, delivery, invoicing, or acceptance issues, contact **Donald Bice** (Donald.Bice@attainx.com · (443) 995-5249). The SEWP PMO also assists: chhelp@sewp.nasa.gov · (301) 286-4555.

This guide complies with SEWP SOW A.6 (Ordering Guides) and the Contract Holder User Manual (CHUM). Updated versions are published no later than 10 business days following each contract modification.
